

Eurasia Veterinary Conference Zanzibar

Program 19. – 23. Feb 2018

Time	Monday 19.02.2018	Tuesday 20.02.2018	Wednesday 21.02.2018	Thursday 22.02.2018	Friday 23.02.2018
	Cardiology Respiratory diseases	Infectious diseases Gastroenterology	Reptiles/ Neurology	Nutrition Dermatology	Endocrinology Oncology
09.00 – 09.45	Hot Topics Cardiology Diagnostics <i>G. Wess</i>	Hot Topics Gastroenterology <i>S. Unterer</i>	Hot Topics Reptiles and Co <i>P. Kölle</i>	Hot Topics Nutrition <i>P. Kölle</i>	Hot Topics Endocrinology <i>V. Geisen</i>
10.00 – 10.45	Hot Topics Cardiology Diagnostics <i>G. Wess</i>	Hot Topics Gastroenterology <i>S. Unterer</i>	Hot Topics Reptiles and Co <i>P. Kölle</i>	Hot Topics Nutrition <i>P. Kölle</i>	Hot Topics Endocrinology <i>V. Geisen</i>
10.45 – 11.15	Coffee Break				
11.15 – 12.00	Hot Topics Emergency <i>R. Dörfelt</i>	Hot Topics Infectious diseases <i>K. Hartmann</i>	Hot Topics Neurology <i>L. Matiasek</i>	Hot Topics Dermatology <i>R. Müller</i>	Hot Topics How to diagnose skin tumors <i>S. Bettenay</i>
12.15 – 13.00	Hot Topics Emergency <i>R. Dörfelt</i>	Hot Topics Infectious diseases <i>K. Hartmann</i>	Hot Topics Neurology <i>L. Matiasek</i>	Hot Topics Dermatology <i>R. Müller</i>	Hot Topics Common skin tumors <i>S. Bettenay</i>
13.00 – 16.00	Lunch and time to relax				
16.00 – 19.00	Workshop Cardio and Emergency Wess/Dörfelt	Workshop Internal Medicine Hartmann/Unterer	Workshop Neurology <i>L. Matiasek</i>	Workshop Dermatology <i>R. Müller/ S. Bettenay</i>	Workshop Endocrinology <i>V. Geisen</i>

Eurasia Workshops 2018

The workshops will cover important clinical symptoms and discuss in these interactive sessions - using case examples- differential diagnoses and how to approach and work-up the clinical problems.

Monday	Cardiology and Emergency Challenges <i>G. Wess</i> <i>R. Dörfelt</i>	A patient is presented with dyspnea or coughing. Is it cardio – or respiratory? How do I a work-up, which tests are useful – and which one not. Which steps are necessary to stabilize an emergency patient? Cardiology and Emergency made easy - case presentations and how to solve cases in private practice. In the Hot Topic sessions we presented the latest information about diagnosis and therapy, in the afternoon we use these new information together with established tests to solve cardiac and emergency cases and to treat those cases accordingly. After this seminar you will solve more challenging cardio and emergency challenging cases!
Tuesday	Internal medicine <i>K. Hartmann</i> <i>S. Unterer</i>	Interesting internal medicine case management for private practice. We will cover the most important diseases and discuss with the participants the clinical work-up and treatment options! The seminar will use the problem-oriented approach to solve clinical cases and is a lot of fun! Main topics of the cases is gastroenterology and infectious diseases.
Wednesday	Neurology <i>L. Matiasek</i>	In this workshop participants will work through neurological case examples. Pros and cons of various diagnostic tests, pitfalls to a correct diagnosis and details of the successful therapy will be discussed. Active participation and discussions are expected and will maximise the learning experience, enhanced by the limited number of attending veterinarians. After that workshop neurology will be fun!
Thursday	Dermatology <i>R. Müller</i>	Dermatology made easy - case presentations and how to solve dermatological cases in private practice. In the Hot Topic sessions we presented the latest information about diagnosis and therapy, in the afternoon we use these new information together with established tests to solve dermatological cases and to treat dermatological cases accordingly. After this seminar you will solve more derma cases!
Friday	Endocrinology Hematology <i>V. Geisen</i>	Interesting internal medicine case management for private practice. We will cover the most important diseases and discuss with the participants the clinical work-up and treatment options! The seminar will use the problem-oriented approach to solve clinical cases and is a lot of fun! Main topics of the cases is hematology and endocrinology.
