

Eurasia Veterinary Conference Costa Rica

Program 17. – 21. Feb. 2020

Time	Monday 17.02.2020	Tuesday 18.02.2020	Wednesday 19.02.2020	Thursday 20.02.2020	Friday 22.02.2018
	Cardiology Emergency/ICU	Infectious diseases Gastroenterology	Nephrology/ Urology Neurology	Nutrition Dermatology	Endocrinology Oncology
09.00 – 09.45	Hot Topics Cardiology Diagnostics <i>G. Wess</i>	Hot Topics Gastroenterology <i>S. Unterer</i>	Hot Topics Nephrology <i>R. Dorsch</i>	Hot Topics Nutrition <i>P. Kölle</i>	Hot Topics Endocrinology <i>V. Geisen</i>
10.00 – 10.45	Hot Topics Cardiology Diagnostics <i>G. Wess</i>	Hot Topics Gastroenterology <i>S. Unterer</i>	Hot Topics Urology <i>R. Dorsch</i>	Hot Topics Nutrition <i>P. Kölle</i>	Hot Topics Endocrinology <i>V. Geisen</i>
10.45 – 11.15	Coffee Break				
11.15 – 12.00	Hot Topics Emergency/ICU <i>R. Dörfelt</i>	Hot Topics Infectious diseases <i>K. Hartmann</i>	Hot Topics Neurology <i>Fischer</i>	Hot Topics Dermatology <i>R. Müller</i>	Hot Topics Oncology A. Soukop
12.15 – 13.00	Hot Topics Emergency/ICU <i>R. Dörfelt</i>	Hot Topics Infectious diseases <i>K. Hartmann</i>	Hot Topics Neurology <i>Fischer</i>	Hot Topics Dermatology <i>R. Müller</i>	Hot Topics Oncology A. Soukop
13.00 – 16.00	Lunch and time to relax				
16.00 – 19.00	Workshop Cardio and Emergency	Workshop Internal Medicine	Workshop Neurology/Nephrology	Workshop Dermatology	Workshop Endocrinology/ Oncology

Eurasia Workshops 2020

The workshops will cover important clinical symptoms and discuss in these interactive sessions - using case examples- differential diagnoses and how to approach and work-up the clinical problems.

Monday	Cardiology and Emergency Challenges <i>G. Wess</i> <i>R. Dörfelt</i>	<p>A patient is presented with dyspnea or coughing. Is it cardio – or respiratory? How do I a work-up, which tests are useful – and which one not. Which steps are necessary to stabilize an emergency patient? Cardiology and Emergency made easy - case presentations and how to solve cases in private practice. In the Hot Topic sessions we presented the latest information about diagnosis and therapy, in the afternoon we use these new information together with established tests to solve cardiac and emergency cases and to treat those cases accordingly. After this seminar you will solve more challenging cardio and emergency challenging cases!</p>
Tuesday	Internal medicine <i>K. Hartmann</i> <i>S. Unterer</i>	<p>Interesting internal medicine case management for private practice. We will cover the most important diseases and discuss with the participants the clinical work-up and treatment options! The seminar will use the problem-oriented approach to solve clinical cases and is a lot of fun! Main topics of the cases is gastroenterology and infectious diseases.</p>
Wednesday	Neurology and Nephrology <i>A. Fischer</i> <i>R. Dorsch</i>	<p>In this workshop participants will work through neurological case examples. Pros and cons of various diagnostic tests, pitfalls to a correct diagnosis and details of the successful therapy will be discussed. Active participation and discussions are expected and will maximise the learning experience, enhanced by the limited number of attending veterinarians. After that workshop neurology will be fun!</p>
Thursday	Dermatology <i>R. Müller</i>	<p>Dermatology made easy - case presentations and how to solve dermatological cases in private practice. In the Hot Topic sessions we presented the latest information about diagnosis and therapy, in the afternoon we use these new information together with established tests to solve dermatological cases and to treat dermatological cases accordingly. After this seminar you will solve more derma cases!</p>
Friday	Endocrinology Hematology Oncology <i>V. Geisen</i> <i>A. Soukop</i>	<p>Interesting internal medicine case management for private practice. We will cover the most important diseases and discuss with the participants the clinical work-up and treatment options! The seminar will use the problem-oriented approach to solve clinical cases and is a lot of fun! Main topics of the cases are hematology and endocrinology and oncology. This will be a fun afternoon!</p>
